## Why GearGrid

With more than 100 years of manufacturing excellence, GearGrid prides itself on building all of its products with quality materials and labor in the USA. Our manufacturing facility has state-of-the-art technology, an in-house design team, an on-site powder coating department and a dedication to providing quality products and service comparable to none.

**Athletic Equipment Storage Systems**

**Team Locker Systems**

**Standard Locker Systems**

1. Well respected USA manufacturer since 1921
2. Products are designed and manufactured at our facility in Minnesota
3. Quality control from raw materials to finished product
4. Unparalleled focus on quality and durability
5. Extreme modularity allows products to be utilized in a variety of different ways
6. 3 - 4mm thick Super Durable TGIC powder coat finish is unmatched in the industry
7. Nearly all products are available in Wall Mount, Mobile or Free-Standing configurations
8. Wide variety of accessories, hooks and hangers to properly store most athletic gear and equipment
9. 3" x 3" square grid pattern allows for great flexibility in configuring (all products except GridIron Team Locker Systems)
10. Most products fabricated from welded 1.25" OD x 16 gauge ASTM steel tubing
11. Heavy-duty steel and wire provide strength and security when needed

## Miami Equipment Storage System

The Miami Equipment Storage System is a versatile bulk equipment storage solution for uniforms, helmets, bags, balls or any other athletic equipment. Flat Shelves can be added to provide horizontal storage surfaces and can be mounted at 3" vertical height increments. Additionally, a full-width stainless steel Hangbar can be mounted in the Miami to provide hanging space for uniforms or other equipment items.

### Optional Features:

Hangbar

Adjustable Flat Shelf

**Width** ..... 49-1/2"

**Depth** ..... 34"

**Height** ..... 74-1/2"

- Base unit does not have Doors, Shelves or Hangbars
- Mobile or Floor Mount options
- Secure Doors available - includes padlock hasp
- Outfit with Shelves and/or Hangbars
- Stores up to 45 football helmets per unit
- Store uniforms, shoes, helmets, training gear, totes, electronics, balls, bags or misc. equipment
- Use the outside of Door and Side Panels for hanging a variety of equipment using our extensive hook selection

## Custom Conference Table

Built with the ultimate GearGrid durability, the Custom Conference Table is sure to be a statement centerpiece in any room at your facility. Completely customizable, each table is uniquely personalized for your school.

### Available Sizes

48" x 36"	72" x 36"
96" x 48"	120" x 48"
144" x 48"	192" x 48"

- 1-1/8" thick wood grain or solid color laminate top with logo printed directly into the laminate. Heavy-duty T-Mold edge for maximum durability.  
*Note: Tables over 8' will have two logos*
- Heavy-duty bases made with 3/8" plate steel. Bases are available in any of our standard colors and include a laser cut school or mascot name in the base

## Suffolk Equipment Storage System

The Suffolk Equipment Storage System provides the same flexibility as our Miami Equipment Storage System, but in a taller unit allowing for more storage space. Flat Shelves can be added to the unit to provide horizontal storage surfaces for a variety of athletic equipment. Additionally, Hangbars can be mounted in the Suffolk to provide hanging space for uniforms or other athletic gear.

### Optional Features:

Hangbar

Adjustable Flat Shelf

**Width** ..... 49-1/2"  
**Depth** ..... 34"  
**Height** ..... 82"

- Base unit does not have Doors, Shelves or Hangbars
- Mobile or Floor Mount options
- Secure Doors available - includes padlock hasp
- Outfit with Shelves and/or Hangbars
- Store uniforms, shoes, helmets, training gear, totes, electronics, balls, bags or misc. equipment
- Stores up to 54 football helmets per unit
- Add Hooks to outside for additional storage
- Use the outside of Door and Side Panels for hanging a variety of equipment using our extensive hook selection

### 6 steps to Configuration MIAMI & SUFFOLK EQUIPMENT STORAGE SYSTEMS

- 1 Choose Miami or Suffolk unit type
- 2 Choose Mobile or Floor Mount configuration
- 3 Choose optional Secure Doors
- 4 Outfit internal storage by selecting number of Shelves and number of Hangbars desired
- 5 Choose Color(s)
- 6 Choose Accessory Hooks and Hangers

NOTE: Maximum 1 Hangbar per Miami Unit recommended.  
 Maximum 2 Hangbars per Suffolk Unit recommended.  
 Maximum 5 Shelves per Miami Unit recommended.  
 Maximum 6 Shelves per Suffolk Unit recommended.

## Seattle Equipment Storage System

The Seattle Equipment Storage System provides three storage openings each 24" W x 32" D x 72" H. The Seattle is available in a mobile platform or it can be floor mounted if a fixed location is desired. Teams or organizations with smaller storage needs can share a Seattle unit, each using one of the openings for their equipment. Hangbars can be added for hanging uniforms and Flat Shelves can be mounted in each opening for additional storage and are adjustable in 3" vertical height increments..

- Three equal sized 24" wide openings per unit
- Mobile or Floor Mount options
- Base unit comes without Doors, Shelves or Hangbars
- Secure Doors available - includes padlock hasp
- Outfit with Shelves or Hangbars
- Store uniforms, shoes, helmets, training gear, electronics, balls, bags or misc. equipment
- Use the outside of Door and Side Panels for hanging a variety of equipment using our extensive hook selection

### Optional Features:

Hangbar

Adjustable Flat Shelf

Equipment Hooks

Width ..... 75"  
Depth ..... 32"  
Height ..... 82"

### 5 steps to Configuration SEATTLE EQUIPMENT STORAGE SYSTEM

- 1 Choose Mobile or Floor Mount configuration
- 2 Choose optional Secure Doors
- 3 Outfit internal storage by selecting number of Shelves and number of Hangbars desired
- 4 Choose Color(s)
- 5 Choose Accessory Hooks and Hangers

NOTE: Maximum 1 Hangbar per opening recommended.  
Maximum 4 Shelves per opening recommended.  
Each opening can be configured independently.

## Adjustable Wall Mount Shelf

Maximize your space with this innovative storage solution. Completely modular, each heavy-duty shelf can be adjusted up or down to the height that meets your exact storage needs. Utilize unused wall space by placing individual units above or next to one another.

**Width** ..... 42"  
**Depth** ..... 20"  
**Height** ..... 48"

## Fixed Wall Mount Shelving

Heavy-duty, fixed wall mounted shelving allows for equipment storage in areas where you have clear wall space. The shelves can be mounted in multiple rows to maximize your available storage space. Fixed Wall Mount Shelving offers an optional stainless steel Hangbar that allows uniforms and other garments to hang below the shelf.

**Depth** ..... 18<sup>5</sup>/<sub>8</sub>"  
**Length** ..... 4', & 6'

## Wall Mount Equipment Storage Panels

GearGrid's Wall Mount Equipment Storage Panels and Shelves provide the ultimate modularity and flexibility for storing athletic gear and equipment. Teams and organizations can maximize space by utilizing unused wall space for additional storage. Conveniently store a variety of equipment, such as uniforms, helmets, shoulder pads, totes, bags or any other athletic equipment.

**Width** ..... 25-<sup>1</sup>/<sub>4</sub>"  
**Length** ..... 4', 5', & 6'

- Storage Panels accept any of our Hook Accessories (see pages 8 & 9 for accessories)
- Storage Panels can be mounted in horizontal or vertical orientation
- Take advantage of your open and unused wall space
- Store uniforms, shoes, helmets, training equipment, totes, bags or misc. equipment

## Accessories

GearGrid's innovative accessories provide the ultimate solutions to your unique storage challenges. All built with the same heavy-duty steel and attentive craftsmanship as the rest of our line, GearGrid athletic accessories let you organize your space, your way.

**Single Hook**

An ideal solution for storing helmets, gloves, uniforms or any other athletic equipment.

**Equipment Hook**

Equipment Hooks securely attach to GearGrid Storage systems and can be easily moved for complete customization.

**GearRetainer Hook**

Coupled with the GearCart, the GearRetainer Hooks hold athletic equipment in place preventing items from falling off shelves.

**GearHook**

The heavy-duty GearHook conveniently stores a variety of athletic equipment, including shoulder pads or uniforms.

Available Sizes:

Large: 16"

Small: 8"

**GearRail Hook**

Add the GearRail Hook to GearGrid Storage Systems to store a variety of athletic equipment, such as bats, lacrosse sticks, rackets, and other equipment.

**Two-Prong Hook**

Conveniently store a variety of athletic equipment, such as gloves, uniforms or any other athletic equipment.

**Four-Prong Hook**

A convenient solution for storing a variety of athletic equipment.

**GearHolder**

Add the GearHolder to GearGrid systems to store athletic equipment, such as skates or helmets.

**GearStacker**

Properly store and dry shoulder pads with GearGrid's GearStackers. The proper upside down orientation and open design promotes maximum airflow, ultimately prolonging the life of equipment.

**GearHanger**

The GearHanger is a horizontal hanging rod with long-lasting stainless steel construction.

**GearDryer**

The GearDryer is a stainless steel hanger that holds shoulder pads and uniforms open for quick drying.

**HeavyHanger**

GearGrid's HeavyHanger is constructed of 1/4" stainless steel, and is the strongest traditional hanger you will find on the market.

**Pants Hanger**

Our stainless steel HeavyHanger coupled with strong stainless steel clips.

**GearGlove**

Constructed of stainless steel, the GearGlove helps gloves hold their shape while speeding the drying process.

**Small SecureBox**

Safely store personal items with GearGrid's Small Secure Box.  
Size: 6"W x 6"H x 12"D

**Large SecureBox**

The Large SecureBox provides a safe location for personal items.  
Size: 6"W x 12"H x 12"D

**Fixed GearTopper**

The Fixed GearTopper mounts to the top of athletic lockers and safely stores and dries athletes' helmets and shoulder pads.

**Pull-Down GearTopper**

The Pull-Down GearTopper is the ideal solution for safely storing and drying athletes' helmets and shoulder pads. It is activated by pulling the handle forward so athletes can load equipment and gently push the GearTopper upward.

\*Note: Mounts to most manufacturers' athletic lockers (Lockers with sheet steel less than 14 gauge will require plywood blocking)

**Ski Hook**

The Ski Hook mounts to nearly all GearGrid Wall Mount and Mobile storage solutions. Each hook can store up to four sets of skis depending on ski width.

## Slinger Work/Repair Station

The GearGrid Slinger Workstation features a heavy-duty work surface as well as safe storage and convenient, easy access to tools and equipment. Individual units easily transport through halls and doorways allowing the workstation to be brought to the equipment for safer, easier loading/unloading. Interchangeable, adjustable flat shelves for tools and supplies are also available.

**Width** ..... 51" & 75"  
**Depth** ..... 30"  
**Height** ..... 41"

- Worksurface options:  
Stainless Steel or Butcher Block
- Build desired configuration from "Base Unit"
- Many Accessory options available
- Mobile or Floor Mount configurations
- Great unit for equipment repair or laundry station

4' Slinger Workstation

6' Slinger Workstation with optional attached Slinger Tool Grid and Shelf

### Base Unit Includes:

- Two Openings for 4'
- Three Openings for 6'
- No Shelves
- Includes Casters or Floor Mounts

### Slinger Options:

- A** Tool Grid & Topside Shelf
- B** Secure Doors
- C** Powerbar
- D** Flat Shelves
- E** Stainless Steel or Butcher Block Top

### 6 steps to Configuration SLINGER WORK/REPAIR STATION

- 1 Choose 4' or 6' configuration
- 2 Choose Work Surface Material
- 3 Choose optional Secure Doors
- 4 Choose quantity of Shelves per opening
- 5 Select desired Options
- 6 Choose Color(s)

NOTE: Tool Grid and Topside Shelf can be ordered as stand alone options (wall mounted in lieu of mounting to Slinger)

**4' Tool Grid Unit includes:**  
3 GearHolders  
& 1 Four-Prong Hook

**6' Tool Grid Unit includes:**  
4 GearHolders  
& 2 Four-Prong Hooks

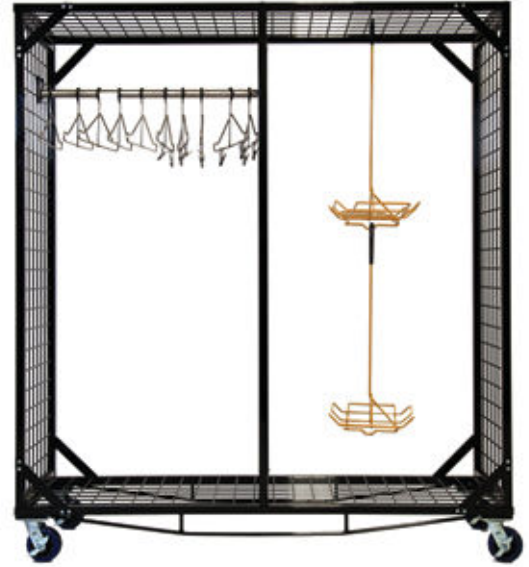

Power Bar

Secure Doors

Pull-Out Drawer

## GearCart

The GearCart provides an ideal solution for drying and storing athletic gear and equipment. Its heavy-gauge construction includes eight gusseted corner brackets and reinforced base frame. The added 3" x 3" center divider allows for stainless steel Hangbars and Flat Shelves to be mixed and matched to meet your exact storage needs.

**Width** ..... 75"  
**Depth** ..... 26-½"  
**Height** ..... 82"

- Includes vertical center divider
- Configure with Hangbars, Flat Shelves, GearRetainers, GearStackers and other Accessory Hooks
- Store uniforms, totes, bags, balls or misc. equipment
- Use the outside of Side Panels for hanging a variety of equipment using our extensive hook selection

### 2 steps to Configuration GearCart

- 1 Choose Color
- 2 Choose optional Accessories

### Optional Features:

Hangbar

GearStacker

GearRetainer Hook

Adjustable Flat Shelf

Equipment Hooks

## LA Uniform Storage Rack

Designed similar to GearCart, the LA Uniform Storage Rack is a convenient system for drying and storing athletic uniforms. The system includes a stainless Hangbar and can be used in conjunction with GearGrid drying hangers.

**Width** ..... 75"  
**Depth** ..... 20"  
**Height** ..... 82"

- Includes full-width stainless steel Hangbar
- Option for GearStacker in lieu of Hangbar. Store 8-10 shoulder pads per stacker
- Store uniforms, totes, bags or misc. equipment
- Use the outside of Side Panels for hanging a variety of equipment using our extensive hook selection
- Use up to six GearStackers to properly store up to 48 shoulder pads

### 2 steps to Configuration LA Uniform Storage Rack

- 1 Choose Color
- 2 Choose optional Accessories

### Optional Features:

Equipment Hooks

GearStacker

## GearGrid Bench

The GearGrid Bench is constructed with a heavy-duty steel frame and rugged laminate top. Well-balanced and supported, the bench provides a solid and safe seating platform.

**Width** ..... 20"  
**Length** ..... 72"  
**Height** ..... 21"

- 1-5/8" MDF core with laminate finish
- Wild Cherry laminate color

## GridIron Team Lockers

GearGrid's GridIron Team Lockers are the most versatile line of athletic lockers available. GearGrid's design promotes maximum air movement, minimizing odor build-up and allowing damp items to dry faster. Above-floor mounting eliminates floor clutter, making cleaning easier than ever. Integrated, hinged seat eliminates the need for additional benches, creating a more open floor plan.

**Width** ..... 18", 24", 30"

**Depth** ..... 30-½"

**Height** ..... 70"  
(77" to 80" overall height when mounted)

*\*Note: Mobile Lockers only available in 18" and 24" widths*

**Frame:** Heavy-duty 1-¼" OD, 16-gauge steel tube

**Body Panels:** High-strength ¼" wire, 2" x 2" square grid pattern for greater security

**Back Grids (Optional):** High-strength ¼" wire, 2" x 2" square grid pattern

### Secure Door Options:

1. Heavy-duty, welded 1-¼" OD, 16-gauge steel tube with 1-½" x 1-½", 8-gauge welded wire panel
2. Heavy-duty, welded 1-¼" OD, 16-gauge steel tube with solid MDF core laminate panel

**Shelves/Hooks:** Heavy-duty, full-width, ¾" MDF core laminate or HDPE mounted to side panels with heavy-duty hook mounts

**Adjustability:** Shelves adjustable in 2" vertical increments

**Seat:** Integrated, full-width and depth seat (¾" MDF core laminate or HDPE), mounted to heavy-duty, welded hinge. Includes padlock hasp, lock not included

**Nameplate Holder:** 20 GA. sheet metal, accepts custom printed nameplate. *\*Note: Custom printed nameplate sold separately*

**Mounting:** Wall mount, floor mount or mobile (18" and 24" only)

**Finish:** Super Durable TGIC powder coat

**Colors:** 15 standard colors, custom colors available

**Shipping:** Ships knocked down for ease of handling and reduced shipping cost

**Assembly:** With simple tool it's fast and easy

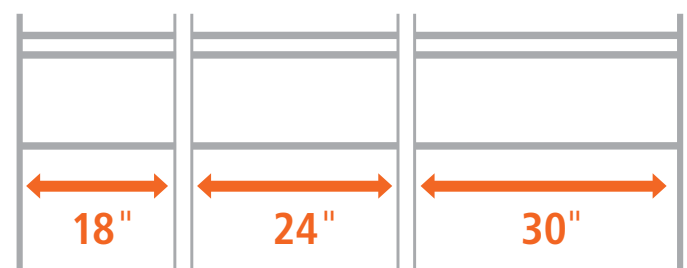

### Options:

- Mobile locker units
- Two-tone color finish
- 15 standard color options, custom colors available
- Shoulder pad and helmet rack
- Equipment accessories
- Padded seats with or without logo
- Custom logo engraving and panel options
- Wire grid back panel
- Laminate back panel

## Steps to Configure GridIron Team Lockers

### Choose Locker Width

## Base Locker

### 2 STEP Start with "Base" Locker

#### GridIron Base Locker Components

- 1 Locker Top Grid Panel
- 2 Shown with optional Fixed GearTopper (the orange GearToppers are not included in base locker)
- 3 Black 3/4" recycled HDPE Shelf
- 4 Black 3/4" recycled HDPE lifting and locking Seat
- 5 Locking Footlocker
- 6 Locker Support Legs
- 7 No Back Panel - Wall Mount Lockers only (Island, Free-Standing, and Mobile Lockers include Wire Grid Back Panels)
- 8 2 Side Hooks and 1 Back Hook

#### Base Locker Description:

- Lifting Seat and Shelf - Black HDPE
- No Door
- 2 Side Hooks, 1 Back Hook
- No Back Panel or Grid (except on Mobile or Free-Standing)
- Wall Mount, Mobile or Free-Standing

**3**  
**STEP**

**Choose Mounting Styles**

**Mobile**

**Wall Mount**

**Free-Standing/Island**

\*Note: Mobile Lockers only available in 18" or 24" widths

**4**  
**STEP**

**Choose Back Panel & Door Options**

**Wire Grid Back Panel**

**Laminate Back Panel**

**Wire Grille Door**

**Laminate Door Panel**

**5**  
**STEP**

**Choose from GearGrid's Locker Color Options on Page 20**

**6  
STEP**

**Choose GridIron Team Locker Accessories**

GearGrid's innovative accessories provide the ultimate solutions to your unique storage challenges. All built with the same heavy-duty steel and attentive craftsmanship as the rest of our line, GearGrid athletic accessories let you organize your space, your way.

**Pants Hanger**

Our stainless steel HeavyHanger coupled with strong stainless steel clips.

**GearDryer**

The GearDryer is a stainless steel hanger that holds shoulder pads and uniforms open for quick drying.

**GearHanger**

The GearHanger is a horizontal hanging rod with long-lasting stainless steel construction.

**Fixed GearTopper**

The Fixed GearTopper mounts to the top of athletic lockers and safely stores and dries athletes' helmets and shoulder pads.

**Large SecureBox for Team Lockers**

Safely store personal items with the Large SecureBox in Team Lockers under the integrated, hinged seat.  
Size: 6"W x 12"H x 12"D

**Garment Hook**

The Garment Hook replaces the standard back hook and mounts underneath the top shelf. The hook allows uniforms, coats, and shirts to be hung in the locker facing the front, instead of towards the side.

**HeavyHanger**

GearGrid's HeavyHanger is constructed of 1/4" stainless steel, and is the strongest traditional hanger you will find on the market.

**Skate Hook**

The Skate Hook is designed to mount to the front footlocker or side panel of GearGrid's GridIron Team Lockers. Securely stores most skate styles and designs.

**Pull-Down GearTopper**

The Pull-Down GearTopper is the ideal solution for safely storing and drying athletes' helmets and shoulder pads. It is activated by pulling the handle forward so athletes can load equipment and gently push the GearTopper upward.

\*Note: Mounts to most manufacturers' athletic lockers (Lockers with sheet steel less than 14 gauge will require plywood blocking)

**Large SecureBox**

The Large SecureBox provides a safe location for personal items.  
Size: 6"W x 12"H x 12"D

**Small SecureBox**

Safely store personal items with GearGrid's Small SecureBox.  
Size: 6"W x 6"H x 12"D

## Standard Lockers

GearGrid's Standard Lockers come in wall mount, floor mount and island configurations. They provide a durable, functional and modular storage locker at an economical price. The 3" x 3" wire grid pattern provides excellent airflow for quick drying of uniforms and gear. Add Secure Doors or any of our innovative accessories to outfit the locker to your needs.

**Width** .... 18", 20", 24", 30 " & 36" \*  
**Depth** ..... 20", 24" & 32"  
**Height** ..... 72"

\*Note: Includes Top-Side Storage Shelf.  
 Not available with door option.

**Frame:** Heavy-duty 1-1/4" steel tubing

**Side & Back Grids:** High-strength 1/4" wire,  
 3" x 3" square grid pattern

### Secure Door Options:

1. Heavy-duty, welded 1-1/4" OD, 16-gauge steel tube with 3" x 3" square grid pattern
2. Heavy-duty, welded 1-1/4" OD, 16-gauge steel tubing with solid MDF core laminate panel

**Shelves/Hooks:** Two shelves constructed of high-strength 1/4" wire, and three apparel hooks per locker

**Adjustability:** Wire shelves adjustable in 3" vertical increments

**Nameplate Holder:** 20 GA. sheet metal, accepts custom printed nameplate. \*Note: Custom printed nameplate sold separately

**Mounting Brackets:** 11 GA. steel

**Finish:** Super Durable TGIC powder coat

**Colors:** 15 standard colors, custom colors available

**Shipping:** Ships knocked down for ease of handling and reduced freight costs

**Assembly:** With simple tool it's fast and easy

## Specialty Lockers

### Mobile Lockers

**Width** ..... 18", 20" & 24"  
**Depth** .....20" & 24"  
**Height** ..... 83-1/4"  
**Configurations** .....2 pack,  
 3 pack, 4 pack, 6 pack, 8 pack

**Frame:** Heavy-duty 1-1/4" steel tubing

**Side & Back Grids:** High-strength 1/4" wire, 3" x 3" square grid pattern

**Secure Door Options:**

1. Heavy-duty, welded 1-1/4" OD, 16-gauge steel tube with 3" x 3" square grid pattern
2. Heavy-duty, welded 1-1/4" OD, 16-gauge steel tubing with solid MDF core laminate panel

**Shelves/Hooks:** Two shelves constructed of high-strength 1/4" wire, and three apparel hooks per locker

**Adjustability:** Wire shelves adjustable in 3" vertical increments

**Nameplate Holder:** 20 GA. sheet metal, accepts custom printed nameplate. *\*Note: Custom printed nameplate sold separately*

**Support Options:** 250 lb. capacity locking casters, adjustable or bolt-down supports

**Finish:** Super Durable TGIC powder coat

**Colors:** 15 standard colors, custom colors available

**Shipping:** Ships knocked down for ease of handling and reduced freight costs

**Assembly:** With simple tool it's fast and easy

### Two-Tier Lockers

**Width** ..... 18" & 24"  
**Depth** .....20"  
**Height** ..... 72" & 84"

**Frame:** Heavy-duty 1-1/4" OD, 16-gauge steel tube

**Body Panels:** High-strength 1/4" steel wire, 3" x 3" square grid pattern

**Top, Bottom & Tier Divider:** Full-width and depth constructed of high-strength 1/4" steel wire. Mechanically secured in fixed position

**Secure Door Options:**

1. Heavy-duty, welded 1-1/4" OD, 16-gauge steel tube with 3" x 3" square grid pattern
2. Heavy-duty welded 1-1/4" OD, 16-gauge steel tube with solid MDF core laminate panel

**Latch:** Heavy-duty, secure, rotary/slam latch with padlock hasp, lock not included

**Nameplate Holder:** 20 GA. sheet metal, accepts custom printed nameplate. *\*Note: Custom printed nameplate sold separately*

**Mounting Brackets:** 11 GA. steel

**Finish:** Super Durable TGIC powder coat

**Colors:** 15 standard colors, custom colors available

**Shipping:** Ships knocked down for ease of handling and reduced freight costs

**Assembly:** With simple tool it's fast and easy

## GearGrid's Color Laminate Options\*
